How can we connect with other links?

First you should write an Article and select a category

Second you should choose a place for the article

Lastly you should connect them with internal links.

Lets make an example!

[http://www.easytransfer4u.com/storyworm/administrator/index.php?option=com_content§ionid=-1&task=edit&cid\[\]=89](http://www.easytransfer4u.com/storyworm/administrator/index.php?option=com_content§ionid=-1&task=edit&cid[]=89)
